DISTURBANCE AT L-W HI SCHOOL****Paper And Rags
Needed For Scrap
Drive In Frankfort**

The scrap pile in Frankfort, a project which is being sponsored by the band parents and band members, is growing steadily, but there is need for more cast iron sinks, bath tubs, cast stoves, radiators, boilers, batteries and other heavy scrap. These could be added to good advantage, but, of course, other metals are needed too. The area for delivering the scrap metal is across from Sangmeister's Electric store, on Kansas street.

As paper and rags are being added to the scrap drive, everyone should be able to contribute a little. These will be stored in Rudolph Guzik's barn, 240 Center road, Frankfort, until the deadline, Nov. 20. Those who are unable to take the scrap meal, paper or rags to the designated places, should call Frankfort 2293 for pickup.

The band parents and band members wish to thank everyone who has contributed towards making Band Week another highly successful affair.

**FORD DEALERS
HOLD OPEN
HOUSE FRIDAY**

With the introduction of the new 1955 Ford throughout the country tomorrow, Friday, local Ford dealers will hold open house. The new Ford will be on display at Cooper and Hostert, Mokena at A. C. Bauch, Frankfort, English Bros. garage in Tinley Park, Bob Boyce in Oak Lawn, and at Habich Bros. in Blue Island.

A. C. Bauch will hold "open house" from 8 a. m. continuing all day. There will be a gift for the ladies and refreshments will be served. Cooper and Hostert will hold "open house" all day Friday and Saturday. A special gift will be awarded to adults. Visitors to all these "open houses" will be permitted to test drive the new Ford.

**Ernest Lehnert
Farm In N.L. Twp.
Has Fire In Cobshed**

A fire started in the cobshed and workshop at the Ernest Lehnert farm, in New Lenox township, a mile south of the Spencer elevator, Tuesday afternoon, Nov. 2. It was discovered by Mrs. Lehnert about 3 o'clock. Five minutes earlier they had entered the work shop to take out the storm windows.

The blaze was close to the house, causing it to catch fire three times. The New Lenox and Frankfort fire departments responded promptly and put out the fire before much damage was done.

CARD, 'FEATHER PARTY'

The monthly card party of the Heitendorf school, district 154, Frankfort, will be held Friday evening, Nov. 19. Games will start at 8 o'clock, after which a "feather party" will be conducted.

'FEATHER PARTY'

A feather party will be held at Bruns Dining Room, New Lenox, Tuesday, Nov. 16, sponsored by the Harry E. Anderson VFW Post 9545. Dressed ducks, turkeys and geese will be the feature of the evening, and a 20 pound turkey will be awarded. The party will get underway at 7:30 p.m. Everyone is invited.

**26 Good Samaritans Pitch In To Help Fred Uthe,
Stricken With Appendicitis, Pick, Crib, 53 Acres Corn**

Frederick Uthe, who is recuperating from a ruptured appendix, was greatly cheered recently when 25 good Samaritans pitched in to pick and crib 53 acres of corn on Uthe's farm in Green Garden.

On the picture reproduced above is shown those who proved the worth of the old adage, "A

Quite a bit of excitement was caused at the Lincoln-Way high school last Wednesday afternoon when six youths of Lincoln Estates, called at the school. The youths were Eldon Jeffries, 20; James Hauser, 17; Ervin Harmon, 17; George Edstrom, 19; Ed Götter, 17 and Raymond Vaughn, 16.

The boys are not students of the school and arrived there just before the school busses pulled out to take the regular students home. The bus, driven by, teacher, Joe Kruzich, of Mokena, was about to pull out when Jeffries boarded it. He was smoking a cigarette, which is against a state law to smoke on school busses and not having a right on the bus, Kruzich asked him to get off. This he refused to do it was reported and Kruzich pulled him off. This Kruzich had to do twice whereupon, Jeffries hit the driver and in the scuffle Kruzich received a cut on his eye and a broken tooth.

Supt. Chapman and other male teachers went to see what it was all about, and brought Jeffries into the school along with the other youths. The County Sheriff's office and the New Lenox police were called who responded quickly. They were taken to Joliet by the deputies where a charge of assault was placed against Jeffries, by striking a school bus driver. He pleaded guilty to the charge and was sentenced by County Judge John Cowing Friday to 20 days in the Will county jail and fined \$100 and cost. He has been confined to jail since the affair.

The four other boys, Hauser, Harmon, Edstrom and Götter were charged with disorderly conduct Thursday by Justice of the Peace George Williams and fined \$100 which was remitted providing they never set foot on school premises again. They paid the \$15 cost each.

Raymond Vaughn 16, because of his youth was not charged with disorderly conduct, but was placed on probation. It is the sentiment of the citizens of the area, that it is too bad there are some of our youths who show lack of respect for other persons or property, public or otherwise they they would cause disturbances such as occurred last Wednesday. It is hoped there will be no further such affairs.

**Death Claims George
McGovey, Former
Mokena Resident**

George E. McGovey of 1300 Sterling ave., Joliet, former Mokena resident, died Thursday, Nov. 4 in St. Joseph's hospital, following a lingering illness. He came to Mokena in 1900 from Trenton, Mo., where he was born Sept. 4, 1871. After farming in Mokena area for 20 years he moved to Joliet where he was employed as a line man for the Public Service Co. He retired in 1938. He was a member of the Matteson lodge No. 175, A.F. and A.M.

He is survived by his widow, Mable, a daughter, Mrs. William Matland, Burbank, Calif.; two grandchildren and a brother Walter (Dick) of Mokena. Funeral services were held Sunday afternoon in the Sonntag funeral home, Joliet with the Rev. John Taylor, officiating. Burial was made in the Marshall cemetery west of Mokena.

CORRECTION

Since our report given last week of the Halloween collections made by the school children of Mokena for Children of the World, additional returns have been made by the public school children at Mokena. Instead of the \$95 as reported, it is \$118.66.

**1955 Fords Offer
Many New Features;
On Display Friday**

The new 1955 Ford will be on display for the first time this year, tomorrow, Friday, Nov. 12 at Cooper & Hostert, Mokena. A. C. Bauch, Frankfort, English Brothers garage in Tinley Park, Bob Boyce in Oak Lawn, and at Habich Brothers in Blue Island.

Ford's Fairlane series six passenger car models named after the late Henry Ford's home-set the style pace for the 1955 Ford cars now being introduced.

Ford, for the first time, is offering a choice of three new engines in its 1955 cars. A high compression Y-block V8 engine of 272 cubic inch displacement and an 8.5 to 1 compression ratio.

A powerful Y-block V8 engine of 272 cubic inch displacement and a 7.6 to 1 compression ratio. An improved 6 cylinder 1 block engine of 223 cubic inch displacement and a 7.5 to 1 compression ratio.

The new high-compression 182-horsepower V8 has a 272 cubic inch displacement and a 8.5:1 compression ratio. It is available only with Fordomatic transmission on the new Fairlane and Station Wagon series.

Ford's new 162-horsepower V. 8 engine up 32 horsepower from the 1954 Ford V8 has a 272 cubic inch displacement and a 7.6:1 compression ratio. It is available with any of the sixteen Ford models for 1955.

The 120-horsepower overhead valve 6-cylinder Ford engine has a 223 cubic inch displacement and a 7.5:1 compression ratio. It also is available with all models. Most outstanding of the new Fairlane models are the two Crown Victorias which are only 58.2 inches high 2.4 inches lower than the 1954 Fords. These hard-top models introduce a completely new styling idea—a chrome arch which extends over the tolike a tiara. One Crown Victoria model has a transparent plastic roof over the driver's compartment while the other has an all-steel roof.

Like all the new Fords, the Fairlane models have a flatter hood and longer rear deck. Hooded headlamps give the high fenders a forward-thrust look, and rear fenders form a reverse angle above the larger tail lamps.

Added to the beauty of the new Fairlane series is a big, curved, one-piece wrap-around windshield with 1100 square inches of glass area and narrow, setback corner posts which provide clear, unobstructed vision for driver and passengers.

The Fairlane models offer a broad choice of specially woven plastics, luxurious decorator fabrics and plain and woven vinyls created exclusively for the new Fords. The company's search for new materials covered the entire textile industry and 35 mills helped develop these new fabrics.

Comedy Big Success;

The play, "The Form Divine," was given to full houses in the Mokena school auditorium Friday and Saturday evenings. Everyone enjoyed the play, the comedy so presented.

After the play Friday night the cast and play helpers gathered in the home of Mr. and Mrs. Leo Marcoux at a surprise party to honor two of their members, the former Miss Marguerite Bass, who was united in marriage some time ago to Mr. Maurice Angland, and Miss Gladys Cervenka who left Saturday to fly to Germany where she was to be united in marriage with Mr. Melvin Nordsell, of Mokena, Nov. 9.

Gifts from the group were presented to each honored guest. Both have been affiliated with the Mokena Village Players for some time.

**TINLEY WOMAN
LOSES PURSE
TO SNATCHER**

Mrs. Fred Willman of Tinley Park was robbed of her purse last Saturday evening at the Rock Island station in Englewood. She was waiting for the 8:25 westbound train when she was approached by a young Negro, about 21 years of age, who inquired as to the time. She told him the time, and he next asked for a match. Mrs. Willman replied that she did not smoke.

While she was reading an evening paper, the Negro asked for a piece of paper to use as a match, lighting it from the small stove in her station. As she handed him the scrap of paper he grabbed her handbag, which was on the bench at her side, and was gone in a flash. There were only two people in the station at the time.

Mrs. Willman screamed for help, but there was no one around. Although she was shaken with fright, she made her way downstairs to the main station and reported the encounter. The station detective told her this was the third theft in two weeks, all having been committed under identical circumstances, and all made by a young negro. They had been endeavoring to have passengers wait downstairs in the main station until the train was announced; however, on this Saturday evening the amplified announcement had been overlooked.

Mrs. Willman lost her purse, a wallet containing cash, papers and snapshots which were replaced. She said her loss easily amounted to \$50.

After giving a description of the thief and listing her loss, Mrs. Willman was assisted aboard the westbound train and upon arriving in Tinley Park telephoned her son, who met her at the railroad station.

Zoning Board Meets

A public hearing zoning board of Will county will meet in the Frankfort town hall at Frankfort Friday, Nov. 19, at 6:30 p.m. to hear the following requests.

Re-zoning requested by Joseph Bernardin, R. 2 to B-1 for a greenhouse on the north half of Lot 13 in A.T. McIntosh and Co.'s Mokena farms. The property is located about one third mile north of Mokena on the west side of Wolf road.

Re-zoning requested by Floyd R. Martin from a variation in an R-1 District to a B-1 District for a poultry business. The property is 293 ft. by 200 ft., and consists of lots 108-109 in A.T. McIntosh and Co.'s Lincoln Estates located 1 1/2 blocks south of Lincoln highway, Route 30.

Re-zoning requested by Arne C. and Arthur L. Pauling, F to B-1 for commercial use. Property located on the south side of Lincoln highway, Route 3 in Section 24 in the northwest quarter in Frankfort township.

**Babson Comments
On The Election**

Naturally, the Republicans are much disappointed by Tuesday's election results. It, however, shows that the Eisenhower "Millionaire Cabinet" does not understand politics. Frankly, there is no reason why these able businessmen should be experts on political matters any more than Congressmen should be able to successfully run steel, coal, or automobile companies. During the two years when I was Assistant Secretary of Labor, I learned that politics is a profession. Big businessmen, big lawyers, big bankers, and big generals have not been trained for getting votes. I forecast that President Eisenhower will soon recognize this and make changes in his Cabinet and his advisors.

As to the effect of the election on business, I am not disturbed. This is too big a country to be upset by the election results. The election means only a delay in remedying some of the New Deal errors. In the meantime, less money will be spent by large companies for expansion, but more money will be spent by wageworkers in the dime stores. Both Democrats and Republicans will work for less unemployment between now and 1956. There will be no World War III during 1955. All in all, I forecast no great changes, certainly neither a "boom" nor a "bust."

GOLDEN BIRTHDAY

Terry Rosener, daughter of Mr. and Mrs. John Rosener of Mokena celebrated her golden birthday with 17 school friends and neighbor children with a birthday party in her home after school, Nov. 3. Games were played and refreshments served with assistance from Mrs. Rosener's mother, Mrs. Fred Rauch.

Iron and steel rank next to the electric utilities as coal's largest customers.

**Eliza Roth, 92, Now
Of Florida, Still
Enjoys Good Health**

We are happy to present a picture of a former resident of New Lenox, Mrs. Eliza Roth who celebrated her 92nd birthday Oct. 30, in Orlando, Fla. Mrs. Roth and husband Norman lived many years in New Lenox and four years ago moved with their

Mrs. Eliza Roth

daughter Bessie and husband, Earl Strassburg to Florida. Mr. Roth died last year. She is enjoying good health and life in general and is active around the home, and is much interested in local affairs both in Florida and her home town of New Lenox, which she keeps up-to-date on, by reading the New Lenox Press each week. She also enjoys her radio.

Mrs. Roth was born Oct. 30, 1862 in Odell, Ill., the daughter of the late Mr. and Mrs. Eli Harlong of Plainfield. Her first marriage was to Joseph Mangun, and to them were born three children; Lester, Edward and Mamie. A few years after his death, she was united in marriage with Norman Roth. Together they enjoyed 66 years of happiness, living most of the time in New Lenox. To them were born four children: Earl, who passed away in Orlando over a year ago; Bessie, Mrs. Lottie Kruspe, New Lenox and Verna, who died in infancy.

**Friends Who Seeded
Farmer's Land In
Spring Harvest It**

A group of friends and relatives and neighbors gathered at the farm home of Francis Gallagher in Green Garden, Oct. 28 and 29, and harvested 110 acres of corn for him. Eighty acres of corn was cribbed and 30 acres was husked and shelled in the field.

Mr. Gallagher, who slipped a disk in his back last spring, was operated on that time, and having been incapacitated, his friends and relatives stepped in and seeded his land.

Following the sudden death of his father, who was killed in an elevator accident on the farm, Mr. Gallagher again became ill and was unable to do his harvesting. It was then that his good friends and relatives again came to his assistance, and brought the harvest in.

Those who assisted in this fine work were: Earl Christianson, Joe Kestel, John Reed, Arthur Mark, Sr., and Arthur Jr., Ray Harris, Frank Fork, Jim Nolan, Jerry Koehler, Lawrence and Ray Koehler, Melvin Heisser, Truman Mundt, Ervin Graves, Harry Kirstein, Fred Gill, John Hartnell, George Croyle, Jim Brown, Clinton Mark, Joe Gougar, Clarence and Jerry Kestel, and Joe and Gene Gallagher.

**Jury Acquits
Three Youths Of
Assault Charge**

Three Will county youths were acquitted Friday night of the charge of criminal assault involving a 22-year old mother the night of June 30, in the vicinity of Messenger Woods, near Lockport. It took the circuit court jury of five men and seven women only one hour and 15 minutes to reach their verdict of "not guilty."

Cleared by the jury were Kenneth Pearson, 17, who has been living with his sister, Mrs. Charles Gorman on Wolf road, Mokena; Wayne Weininger, 20, of Homer, and Walter Weeks, 17, of Lockport.

Attorney Matthew Stephanich, of Joliet, defended Pearson, and the other two youths were defended by Attorneys Francis Loughran, Thomas Vinson and John Lynch.

When Circuit Judge James V. Bartley read the "not guilty" verdict the strained faces of the accused youths relaxed into smiles, and the parents of the defendants wept tears of joy.

A group of 16 state executives have formed the Governors' Fuel Conference to assist in the solution of the coal industry problems.

**BULLET RIPS
THRU WINDOW
IN NEW LENOX**

New Lenox has been experiencing trouble with children, and possibly adults, it is believed, shooting guns and air rifles in the village limits. This sort of thing happened again Tuesday afternoon, when a picture window in the home of Walter Reiser, 315 Prairie road was shattered. Mrs. Reiser and her neighbor, Mrs. Keith Hossach, were seated near the window when a rifle slug crashed through, barely missing them.

The window has to be replaced, at considerable cost, and it is fortunate that neither women were in the path of the bullet.

A great deal of this has been going on in New Lenox lately. Keith Hossach, village police officer, has issued a warning that anyone carrying a loaded gun or found shooting an air rifle within the village limits will have his gun or air rifle confiscated, and will be taken before a judge and heavily fined.

**Gerald Jacobs, Of
Tinley, Wins Honors
At Bradley Univ.**

Gerald Jacobs, son of Mr. and Mrs. Ray Jacobs, of Tinley Park, has been elected to Bradley university Hall of Fame. A. G. Hauscher, vice president of the university and a member of the Hall of Fame committee, notified Gerald of his election to this honor during the past week.

Entrance to the Hall of Fame is not only gained through athletic ability, but also through high standards of sportsmanship. The honor will be bestowed Jan. 19 at the Bradley-DePaul Basketball game.

Gerald has made a mark for himself by fine playing in many outstanding leagues throughout the country. He is unquestionably on the way up.

**ORLAND FIRE
DEPT. DANCE
SATURDAY NIGHT**

The Volunteer fire department of Orland Park have completed plans for their annual dance, which will be held at the Southmoor Country Club, 131 st. and Southwest highway, Saturday evening, Nov. 13. Dancing will be from nine o'clock until 11 to music furnished by a good orchestra.

Proceeds of the dance will be used by the fire department for the purchase of additional fire fighting equipment, which is greatly needed.

This is a time when the citizens of this area can express their thanks to their fire fighters for what they do when they answer your call for help when fire strikes. It goes without saying that it is the duty of every citizen to buy a ticket, even if they are unable to attend the dance. The purchase of a ticket will not only further a very worthy local cause, but those who use the ticket can bank up on a very pleasant evening.

Wins Contest

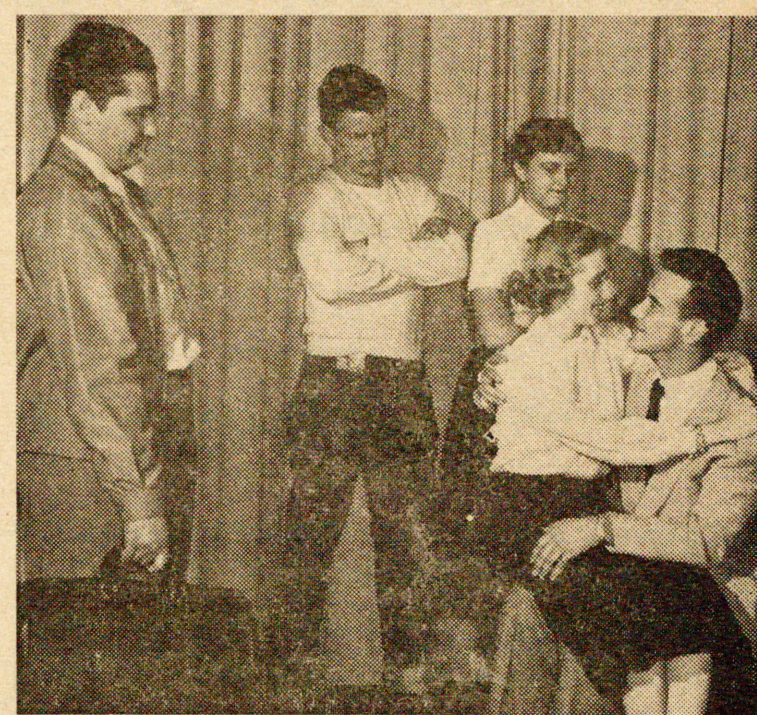

Winner of the Valley View Farm Restaurant's contest for naming their new dining room is Joe Kallwasser, 1013 Liberty St., Joliet. The name submitted by Kallwasser, was "Sun-Air," a lucky word combination which brought him \$500 in cash and prizes. The contest closed October 31. There were over 2000 entries.

Judges were Ben G. Bohac, president of the Talmann Federal Savings and Loan Co., Chicago, Glenn Baugh, American National Bank, Chicago, James Barr, Chamber of Commerce, Joliet, Al Hochberger, cashier of the Frankfort State bank, and Everett Cooper, cashier of the Mokena State bank.

**Booth Memorial
Hospital To Hold
Christmas Bazaar**

The annual Christmas bazaar of Booth Memorial hospital, 5040 No. Pulaski road, will be held Nov. 16, starting at 11 a.m. Working with the Booth Memorial Home League, the Salvation Army's women's division will offer a vast variety of items in the benefit sale. Proceeds will be used for needed hospital and laboratory equipment.

Tables and booths will be decked with toys, books, hats, candy, groceries, Christmas ornaments and decorations, flowers and costume jewelry. A new attraction this year will be a "gift corner." Major Gladys Fredericksen, of the hospital staff, will be in charge of a booth stocked with gifts made by the patients.

**Some Mighty Fine Talent To Put Sparkle
In 'January Thaw' Friday And Saturday**

The New Lenox Methodist Dramatic club will present the three-act play, "January Thaw," at Haven school, Nov. 12 and 13, starting at 8:00 p.m. Seated: Carol Anderson and Gary Walk. Standing, left to right: Neil Hardy, science teacher at Lincoln-Way high school, Jim Anderson, and Kay Miller.

**OLD FASHIONED
BARN DANCE
SATURDAY NIGHT**

A real old fashioned barn dance will be held at the Mokena public school auditorium this Saturday, Nov. 13, starting at 8 p.m. It is sponsored by the PTA.

Johnny Sonquist will be the caller. He will call the dances after he has given instructions. Thus, before you dance the Red River Valley or the Grapevine Twist, or what have you, Johnny will walk you through the formations, making sure you know what to do next, thus increasing your enjoyment of the dance immeasurably.

The PTA has asked the following couples to be chaperons: Mr. and Mrs. Russell Anderson, Mr. and Mrs. Everett Heinicke, Mr. and Mrs. Arthur Shoon, and Mr. and Mrs. Edwin Yunker. There will be an admission charge of 75 cents per adult and 35 cents per student. Everyone is invited to attend, and can be assured of a delightful evening.

**Methodist Churches
Hold Services Sun.
For Korean Relief**

A worship service emphasizing emergency needs in Korea will be held in the Mokena Methodist church Sunday, Nov. 14, at 10:45 a.m.

According to the Rev. E. Dale Kleinschmidt, pastor, Methodist congregations all over America will be conducting similar services on the same day.

A novel feature of the service will be the presentation of the offering in miniature "rice bags," symbolic of the sacrificial offerings of rice which the Koreans themselves have given to rebuild their war-ravaged sanctuaries.

Known as the "Bishops' Appeal for Korea," the special offering has been approved by the Methodist Council of Bishops and the Council on World Service and Finance. Seventy per cent of the receipts from the offering will be administered through the denomination's division of World Missions and 30 percent through the Methodist committee for Overseas Relief.

**Frankfort PTA To
Present Style Show**

The Frankfort school gym is the place, Nov. 12 is the date and 8 p.m. is the time, for the Klinsch-sponsored fall fashion show that the Frankfort P.T.A. is sponsoring.

Models who are participating in the event are: Mrs. Carl Marientfeld, Mrs. Marietta Christensen, Mrs. Walter Schoen, Mrs. Burton Briedert, Mrs. Leonard Patterson, Mrs. Schofield, Mrs. Marion Bell, Mrs. Robt. Mitchell, Shirley Sievert, June Samuels, Colleen Bixler, Connie Van Rhee, Pam Petnuch, Juanita Hansen, Judith Larsen, Mark Marientfeld, Russell Batson, Bruce Ebert and Terry Logan. Tickets may be obtained at the door or from any PTA member.

**ASC Funds Available
For Conservation**

There is much conservation yet to be done in Will County. Conrad Borms, office manager of the Will County ASC, states that funds for cost sharing are still available.

Mr. Borms says that farmers may utilize the facilities of the program to accomplish conservation.

"Ain't even December yet and I hear there's gonna be a 'January Thaw'." Yep, think I'll meander over to that there Haven school in New Lenox tomorrow night or Saturday and see what them New Lenox Methodist Dramatic club members are up to," Uncle Walter draws. "And that tobacco-chewing old gent will be there along with the other club members who will present the three-act play at 8 p.m. tomorrow and Saturday."

Dick Keeley, teacher of dramatics, speech and English, at the Lincoln-Way high school, will portray the role of Uncle Walter in "January Thaw." Mr. Keeley, who has appeared in plays as varied as Shakespeare and "Streetcar Named Desire," was a member of the production staff at a Hollywood radio station. He was an actor and director at the Pasadena Playhouse.

Another teacher who will appear with the cast is Neil Hardy, who will exhort his scientific knowledge for legal information in his part as the lawyer. Also having more than an impersonal interest in the new high school is Vera Chapman, wife of the superintendent, A. Hunter Chapman, who has been cast as Marge Gage. She has appeared in the club's productions of "Ladies in Retirement" and "The Curious Savage."

Mary Greenman, who has played many comedy roles in the New Lenox Lions' club shows and given monologues and readings, will be seen as Mathilda Rockwood. Enacting the part of her husband, Jonathan Rockwood, will be Lewis Loebe, vice president of the club. A former University of Delaware drama student, he has appeared in plays given by the New Lenox club and the Joliet "Y" Players.

Proving his ability as a speaker and actor, Rev. Ralph Miller will play the temperamental writer, Herbert Gage. He has been in "Professor How Could You," "Adam's Evening," "Apple of His Eye" and "The Curious Savage." A Joliet resident, Muriel Phillips is cast as Frieda. During the early '30's, she wrote and directed the Wesleyan Dramatic club of Trinity church in Joliet.

Traveling salesmen, Gerald Johnson and Don Anderson, have interspersed their schedules with rehearsals. Both members of Toastmasters, International, Mr. Johnson sells pharmaceutical products while Mr. Anderson concentrates on insecticide equipment.

Carol Anderson and Gary Walk are students at Joliet Junior college. Miss Anderson, a cheerleader at JJC, was in "The Curious Savage" cast. Also a Joliet resident, Mr. Walk appeared in high school musical productions.

Representing the teen-age group in the play are Kay Miller and Jim Anderson, students at Lincoln-Way, and Dona Anderson, who attends Haven school. Kay was in the club's "Professor How Could You" and the one-act Christmas play. Dona and Jim will be facing the footlights for the first time tomorrow night.

Serving as director of "January Thaw" is Lois Loebe, who has had considerable experience in acting and directing both professional and amateur groups. Director of the Joliet "Y" Players, she has been a member of the drama departments at Chicago Musical college and Goodman Theater and has done professional stock and summer theatre work on the east coast and in road companies originating in Chicago and New York.

Mr. Borms advises farmers that requests for assistance in completing practices can still be filed under the 1954 ASC program, by calling at the county office.

Study in Values

Lesson for November 14, 1954

IS IT a sin to be rich? The Bible does not say so. A poor man may be better or worse than a rich man. It is not the property of a man that is most important; it is his personality. The Bible does warn us about the dangers of wealth; and since in our time (as back yonder too) nearly everybody thinks it would be wonderful to be rich and that money is the answer to most problems, the Bible's warnings are almost the only ones we can ever hear.

Dr. Foreman

When Money Comes First
There is one special danger that runs through all the others: the danger of putting money first. We say "What is So-and-so worth?" when we ought to say "How much money does he have?" A worthless rascal may be very rich. The United States has found it necessary to deport men who could buy you out, dear reader, and me too. If we put money first, we measure men by a crooked yardstick. Then if we think of money as the most desirable thing in life—or property of any sort, not money alone—we shall cut corners to get it. If it were true that money is the principal thing, then we would lie and steal to get it—just as many persons do. Think of the lies told every day in the business world, recall the wealthy men who have been convicted of evading their taxes. Once think of money as Value Number One, and you will begin excusing all the sins, provided a man has a big enough pile.

Fancy Front
You could have an interesting time collecting the lies that are connected in one way or another with money. *Proverbs* points out that some rich men pretend to be poor and some poor men pretend to be rich. That sounds funny but it's a fact. On every street in the more exclusive residential sections of cities there live families who are trying to give the impression of being better off than they are. The house is bigger than they can afford, they really keep themselves in debt pretending not to be in debt! And then there are the rich who pretend to be poor. These are not all Texas millionaires trying to look like cow-herds. When the church (or instance) takes its every-member canvass and approaches some one who is known to be wealthy though not generous and who may have just bought an expensive car, how familiar is the response: "I'd be glad to increase my pledge but I can't afford it!"

Treasure and Trouble
Pastors of wealthy congregations—lawyers and doctors too, can tell you they know people who would be able to shed their troubles, or most of them, if they just could lose their money. The reader can verify this by reading any newspaper for a few weeks and checking up on head-lined tales of people in trouble. Not always, but often, the trouble started either because the person involved had too much money, or because he wanted money too much. Alcoholism, for instance; who are the alcoholics you know? Are most of them busy people in moderate circumstances, or are they people with more time and money on their hands than they know quite what to do with? Or take the divorce stories? At the time this column is being written the story is being head-lined of a nationally notorious divorce. Readers are led to believe that neither the marriage nor the divorce would have taken place if the young man had been, say, a school teacher or a plasterer. His millions were bait—as any one could have guessed.

A Good Name Is Better
When some smart Alec (or Alice) asks you, "If money isn't the best thing there is, name me something better," you can quote *Proverbs* right away: "A good name is better than riches." (This isn't the only better thing, but it is one.) It is not always necessary to choose between the good name and the money; but ask the man who has both, and he will tell you, his good name, of course. When a business is sold, the "good will" sometimes comes at a higher figure than the place and all its fixtures and inventory. For what people think of you is far more important to you.

HOLLSTEIN MOTHER'S CLUB

IN MEMORIAM

BREITBARTH—John C. In loving memory of our husband, father and grandfather who passed away Nov. 10, 1953.

The flowers we placed upon your grave
May whither and decay,
But our love for you who sleeps beneath
Will never fade away.
Our hearts still ache with loneliness,
Our eyes shed many tears
God alone knows how much we miss you
As ends the first year.

WIFE, CHILDREN and GRAND CHILDREN

IN MEMORIAM

YUNKER, George—In loving memory of my loving husband and our Dad who passed away Nov. 14, 1952.

Time speeds on, two years have passed
Since death its gloom, its shadow cast,
Within our home where all seemed bright
And took from us a shining light.
We miss that light and ever will,
His vacant place there is none to fill.
Down here we mourn, but not in vain
For up in heaven we will meet again.

Girl Scout News
Girl Scout troops 100 and 102, of Lincoln Estates, met in the Ann Rutledge school basement, Nov. 3. 14 girls were present.

After dues were collected and the roll called, the girls went to their patrols, where they turned in their badge work. Judy Abbott, Carol Carpenter, and Maurice Gudgeon, the three new girls, are working on their "tenderfoot requirements". Judy Wheeler, Betty Chapman, and Carol Baker brought in aprons which they had to make for the sewing badge. Judy Weigle brought in work on the weaving badge, Carol Baker on the hostess badge and Pat Bradley on the reader badge.

After checking out their work the girls sang songs.

Troop 102 gave its troop cheer and the girls of troop 100 are thinking of a cheer for themselves.

Carol Soorluek gave the wish for the friendship circle after which the girls were dismissed.

Lincoln-Way Vo-Ag Classes See New Corn Picker-Sheller

The agriculture classes of Lincoln-Way high school attended a demonstration of the new MM corn picker-sheller in action and the new Aldrich dryer on the Forrest Lichtenwalter farm, west of Manhattan.

The group traveled by school bus driven by Roland Cagwin and was accompanied by their agriculture teacher Robert Van Rheaden.

Mr. M. Taylor, agricultural engineer, public service company, arranged the trip and discussed the operation.

Mr. Lichtenwalter explained to the group how easy it was for one man to handle the entire job. After picking and shelling the corn in the field in one operation, the corn is brought into the dryer. The moisture content of the shelled corn, right out of the field runs about 20 per cent.

Mr. Lichtenwalter uses electric motors to operate his unloading elevators as well as his handling of the corn into the dryer and from the dryer into the bins.

While the corn is drying, the picker-sheller is getting another load ready. When the corn leaves the dryer, the moisture has been reduced to about 13 per cent which is sufficiently dry for safe bin storage.

The round metal bins, that are used for storage of the shelled corn, are only half of the capacity that would be required for ear corn storage.

Records of the operation show that fuel costs for heating the air for drying the corn are less than two cents per bushel.

The agriculture classes enjoyed the demonstration tremendously and appreciated the opportunity of seeing new things in farming.

Farm Census Being Taken

Field work in the 1954 Census of Agriculture got underway locally Nov. 3, when a force of enumerators started visiting every farm in the area, according to Field Supervisor Edmund A. Moss, of Tinley Park. The enumerators are visiting all local farms to collect questionnaires previously mailed to farm operators, and, if necessary, to assist the farmer in filling out the report form.

The 1954 Census of Agriculture is the 16th in a series of nationwide farm enumerations, the first of which was conducted in 1840. The Census is taken at five-year intervals to provide up to date statistical information about more than five million farms.

Field Supervisor Moss emphasized that all information about individuals and their farm operations furnished to the Census Bureau is held in absolute confidence under federal law. It is used only to provide summary figures such as totals, averages, and percentages. The information on any individual report cannot be furnished to any other than sworn Census employees and thus cannot be used for investigation, taxation or regulation.

Mr. and Mrs. Peter Homering.

The Day circle of the WSCS of the Methodist church will meet in the home of Mrs. Thom-

as Cooper, Thursday, Nov. 18 in the morning. Following the luncheon the regular meeting will convene. Members are urged to attend as final plans for the Christmas Lane of gifts to be held in December will be made. Note meeting is a week earlier on account of Thanksgiving.

The Evening circle of the WSCS will meet in the home of Mrs. Earl Reish, this evening, Nov. 11 at 8 o'clock. Mrs. William Grove will be assistant hostess.

About 200 guests greeted Mr. and Mrs. Peter Homering on their golden wedding anniversary celebration, Oct. 30 in the American Legion hall. Guests came from Lockport, Mokena, Chicago, Wisconsin, Lemont, La-

Grange, Palos Park, Tinley Park, Worth, Plainfield and Orland Park. The group enjoyed dancing, chatting with those they had not seen for years, also the refreshments. The honored couple received many gifts, flowers, cards, etc. and express their thanks.

Stanley Cooper is a patient in Silver Cross hospital, Joliet, where he underwent surgery, Friday morning. He is doing nicely and expects to be home this week.

Mr. and Mrs. Delbert Garmon are the parents of a daughter born, Thursday, Nov. 4 in Hinsdale Sanitarium hospital. The infant weighed seven pounds, and has been named Patricia Louise. Her mother is the former Lois Bailou.

Christ Yunker celebrated his 82nd birthday, Nov. 6. His children and families 20 in all, gathered at his home Saturday night for a birthday supper.

First Patrick Deasy and wife have been visiting relatives in and around Orland and his parents, the Ray Schillings in Frankfort and the Ray Robson's in Orland Park. Pat was on furlough from Washington, where he was stationed and left Sunday via plane for Frankfort, Germany. His wife will join him about a month later. His grandmother, Alvina Richardson of Frankfort, had a regular Christmas dinner for him and wife, last Tuesday. Guests were: Mr. and Mrs. Ray Robson, daughter, Martha, Bill Dick and Linda Robson, children of the Ray Robson, Jr. of Orland Park, Mr. and Mrs. Henry Schilling, Mr. and Mrs. Louis Schultz and family all of Tinley Park and Mrs. Ed Johnson and son of Palos.

Plans are in the making for a "Box" social by the MYF of the Methodist church to be held Saturday night, Nov. 20 in the social room.

Mrs. Mabel Ekeberg will entertain Laurel Camp 1796, RNA, Thursday night, Nov. 18. This date is a week earlier because of Thanksgiving. Members are urged to attend and aim to be there so the meeting can start at 8 o'clock.

George Tomik, formerly of 13th street, and now of Doncaster, England, was a visitor in Orland and vicinity last week. Mr. Tomik who is manager of engineering for International Harvester of Great Britain made a flying trip to Chicago on business and was able to spend some time with old friends in Orland township.

Mrs. Lorraine Ballou left Thursday morning for Clearwater, Fla., to spend the winter.

The Louis Wydeveld family and Mrs. George Steinhagen have moved into their new home on 143rd st., near Beacon. The Harold Shroats family have moved into the home vacated by Wydeveld's and will stay there while their new home is being built. Mrs. Ray Doctor and son Wendell have moved into the Harold Shroats home.

The Orland Park Vol. Fire Dept. are happy to announce that delivery of their new truck is expected within the next two weeks.

Tinley School News

Of the many exciting experiences pupils have during the school year, one of the most anticipated came to pass last Thursday morning as boys and girls alike of Tinley Park donned their oldest jeans and left school carrying armloads of equipment. The equipment? - jars and jars of paint, brushes, newspapers, clean-up cloths and lots of ideas - all to be used in painting the windows of village merchants who were "in on" the co-op affair.

Almost every store window in the Tinley business district was appropriately decorated for Halloween by teams composed of pupils from grades four through grade eight. This project was planned and initiated by Mrs. Zahler, the art teacher, and all the Art classes. All the designs were originals made by the pupils themselves.

The work done by the various teams was commendable, and judges had great difficulty in choosing the prize-winning win-

dows. After the judging was completed, prizes were given as follows: Eddie Brown's team, - window 10, located at the Western Tire and Auto Store, second prize; and Sharon Jochum's team - window 32, located at Vogt's Department Store, third prize.

The gymnasium was the scene of a gala celebration Friday afternoon as goblins, witches, clowns and spacemen, lovely ladies and comical clowns, Indians and Knights and numerous other characters vied for the coveted prizes at the Halloween costume parade.

The judges were Mrs. Jahn, Mrs. Zahler and Mr. Kosteki, who after much deliberation, awarded the following prizes:

Funniest: 1. Barbara Yepsen, Rotund Hunter.
2. Jimmy Glahn, Red Haired Clown.
3. Mike Goebel, Zulu native.

Honorable Mention: Diane Ecklund, Lady with Carousel hat.
Most Original: 1. Ray Fowler, Indian; 2. Vernon Sloan, knight; 3. Barbara Brown, Ann Hunzick-

er, Barbara McCutchen, Horse and Cowboy.

Honorable Mention, John Freiburger, Father Time.

Prettiest: 1. Mary Jo Farquhar, Autumn girl; 2. Judy Ricahrdson, Fruit vender; 3. Ann Hopman, Skater.

Honorable Mention: Louise Frances, Quaint Lady.

After the judging, pupils of grades four and five returned to their homerooms, for individual parties, while the upper grades remained in the gym and enjoyed a variety of things. While some had their fortunes told by gypsies (Room Mothers in disguise), others, played musical chairs or carried peanuts on knives for fun. Side shows, spook show, freak show, and pep show plus an orange dance, added to the entertainment of the group. Refreshments were served in the homerooms by the Room Mothers before school was dismissed.

Mrs. Phillips' room entertained Mrs. Jahn at their Halloween party. They enjoyed group singing led by Mrs. Jahn, Mrs. Phillips reports that pupils of room

302 are working hard to get ready for American Education Week when parents are expected to be on hand for the final check-up. Basketball tryouts have begun this week, according to the physical education teacher, Mr. Kosteki.

Brenda and Jack Hargrove are new pupils who have enrolled in rooms 201 and 200 respectively, they moved from Chicago to Tinley Park, and now live on 183rd street.

—Mrs. M. Triem, grade seven

Because of wet weather, less than one-third of the corn has been husked in the northern quarter of Illinois, according to the weekly report of the state and federal departments of agriculture. For the state as a whole corn harvest is about 60 per cent completed, compared with 80 per cent at this date last year.

President Eisenhower has appointed a governmental committee to study coal industry problems.

Sandburg's Team Lost Last Game Of The Season

Carl Sandburg's varsity football squad lost its final game of the season to Rich 21-7 last Friday afternoon on the local field. According to Coach Joe Devine, "the boys played their best ball game of the year and showed

a great desire to win." The game began with Rich kicking off to the Eagles and Dave Andersen receiving. Very early in the quarter, as a result of a Sandburg fumble, the Rich players scored a touchdown and the point after for a score of 7-0. Although both teams made occasional first downs, no more scoring occurred during the first half leaving the score at 7-0 in favor of Rich.

Following half-time playing and marching by the Rich band, the third quarter got underway with Coach Devine's boys kicking off. Rich scored again as did Sandburg on a 60 yard pass play from Tom Lonsen to Paul Whenn. Whenn ran the extra point for a third quarter score of 14-7.

In the final quarter Rich scored again to make the total 21-7 in favor of Rich.

The few fans who saw the game were able to see out-standing playing by Lonsen and Whenn, calling of signals by Andersen, blocking by Busch; defensive playing by Partoll and Vance, and offensive playing by Herbster, Willeford, Kramer, and Johandson.

Sandburg's record for the season stands at one win and seven defeats.

Bremen Braves End Season With a Tie

Bremen high school Braves wound up their season by tying the Oak Lawn Spartans 0-0 Friday afternoon, Nov. 5.

In registering their second straight tie contest, the Braves displayed the strong defense which has curtailed opponent's offensive thrusts throughout the campaign.

Both teams battled on even terms in the first period, Oak Lawn received Bremen's opening kick-off, ran three plays from scrimmage, and punted on fourth down. This characterized the quarter's action.

In the second quarter the Spartans drove to the Bremen eight yard line, but an alert defense broke up this scoring threat.

The third period evinced no change in the struggle. A Spartan attack stalled on the one yard line in the final quarter as the Braves once more checked the offensive maneuvers of Oak Lawn.

Bremen finished its conference play in undisputed third place. The Braves over-all record is 4 wins, 2 losses, and 2 ties.

Southwest Suburban Conference standings:

Rich	Win	Lost	Tied
Oak Lawn	4	0	1
Bremen	3	1	1
Carl Sandburg	2	1	2

Bremen Braves Ties With Rich Rockets

Bremen high school Braves had to content themselves with a 13-13 draw when they met the highly touted Rich Rockets on the Bremen home field, Oct. 29.

An off-sides penalty nullified the Braves' try for their second extra point and enabled the Rockets to remain on top of the Southwest Suburban conference with a record of three wins and one tie.

Frank Warsjalek, Bremen back, fumbled the ball momentarily on the opening kick-off and then scampered 90 yards behind some key blocking to Rich pay-dirt. Warsjalek scored the point after touchdown as he plowed through left tackle.

Minutes later George Stelmach dashed 20 yards to score on a delayed buck, and the Bremenites led 13-0. This ended the Braves' scoring for the afternoon.

In the third period the Braves failed to capitalize on a 45 yard run by Gallina to the 10 yard line.

Rich tallied its markers in the second and fourth quarters. Bremen traveled to Oak Lawn for its last game of the season. Score by quarters:

National Tea Co. Votes 2% Dividend On Common Stock

H. V. McNamara, President of National Tea Co., with headquarters in Chicago, report that in view of increased earnings for the year to date, plus anticipated

continued favorable earnings for the balance of the year, the Board of Directors, at a special meeting, Oct. 27 voted a 2% stock dividend payable on all common shares of the company to stockholders on record as of Nov. 16, 1954. The stock dividend has been declared in addition to the regular 40 cents cash dividend payable Dec. 1 for the quarter ending Oct. 9, 1954. The net profit of National Tea Co. for the 40 weeks ended Oct. 9, 1954, amounted to \$4,447,224.00 after making provision for federal income taxes amounting to \$4,625,000.00.

This result compares with a profit of \$3,593,502.00 after making provision for Federal income and excess profits taxes of \$3,720,000.00 for the corresponding period of 1953.

After deducting preferred dividends, the above results are equivalent to \$2.27 per common share in 1954 and \$1.94 per common share in 1953.

THETA TAU

The Zeta Tau Alpha Southwest Suburban Group will hold a joint meeting Nov. 12 with the Joliet Zeta Alpha Group, at the home of Mrs. David M. Johnston, of Joliet.

VETERANS DAY

At 11:00 a.m. today, Nov. 11, there will be a one-minute period of silence, and all patriotic citizens who can conveniently do so will stand at attention, facing east.

This mute moment is to recall that memorable day in 1918, when the guns ceased firing on the French front, and World War I came to an end. The United States entered World War I on April 6, 1917.

The armistice was signed at 5 a.m. Nov. 11, 1918, in Marshall Foch's railway dining car, in the forest of Compiègne, France, between the Allies and the German high command.

Until this year, called Armistice Day, the day commemorated the cessation of hostilities between the Allies and the Germans in 1918. It became "Veterans Day" this year by congressional action, to provide for honoring World War II and Korean veterans, along with those of World War I. The President signed the bill June 1, 1954.

Today we pause reverently to honor the memory of all who have given to our country's cause "the last full measure of devotion."

Northern Illinois Gas, Com. Edison Elect New Officers

George W. Ryerson, assistant secretary of Commonwealth Edison Company, has been elected secretary of Northern Illinois Gas Company, Willis Gale, chairman of the two companies, has announced, Fred N. Baxter, who has been secretary of both Edison and its gas subsidiary, will relinquish his duties with the latter.

William H. Colwell, who has been director of publicity for the Public Service Company division of Edison, was elected assistant secretary of Commonwealth of Edison.

Leroy J. Clark, secretary of Chicago District Electric Generating Corporation, an Edison subsidiary, was elected, in addition, as an assistant secretary of Edison.

Stephen E. Taylor, who has been in charge of Edison's stock transfer department, was elected assistant secretary of Northern Illinois Gas. He will be succeeded by W. Warren Currier in the Edison stock transfer department.

William F. Hayes, a specialist in machine accounting for Edison, was elected assistant controller of the gas company where and machine procedures.

All appointments are effective immediately.

Mr. Gale said that the personnel changes were part of a continuing program of orderly separation of Edison's electric and gas operations. Northern Illinois Gas Company was established as an Edison subsidiary last February to take over and operate the latter's gas properties.

HOMER

Lockport, R. 1
 Telephone Lockport 1387M

Homer students who are on the honor roll of JTHS for the first six weeks of the school year are: Judy Klatte, Virginia Buck, Carol Michaelson, Martin Mlynarik, Our congratulations.

Mr. and Mrs. Clifford Miller of Larysmith, Wis. spent Monday night with the Robert Burch's.

Mr. and Mrs. Sidney Holt of Rio were over night guests of her brother Frank Milne, and Mrs. Milne, Wednesday and Thursday nights. On Thursday they attended a church meeting in Chicago.

John Loucks left Thursday morning for Florida to visit his daughter, Mrs. James Springer and family for a few days. Mrs. Loucks who has been in Florida for several weeks will return home with him.

Of Homer's approximately 1100 voters, 646 went to the polls Tuesday, casting 340 straight republican votes and 140 straight democrat. Roy Doerflinger for sheriff received 457 votes, the largest number with the exception of Warren Wood and John M. King. Joseph T. Meek pulled 404 votes with his opponent, Paul Douglas, receiving 237. Warren E. Wright for state treasurer, received 404 votes. Many ballots were split and a few were discarded, because of errors.

Housing permits have recently been issued to Floyd Callaway of Lockport for a five room house on Gougar road, 1/2 mile south of route 7 and to D. Elliot of Mokena for a 4 room block and frame home between 139 and 141st on Elm, in Homer township.

The CAC met in the Arthur Shepherd home Saturday night. Among their activities are plans for a tea to be given for the women of the community who have assisted in raising funds for the church organ, this will be Tuesday afternoon, Nov. 16 in the church.

Miss Norma Loucks had her car badly damaged as she was returning from work Friday night. A corn picker without tail lights was travelling on route 6, and a second car, in attempting to pass the picker, side swiped the Loucks car. Both cars were removed by wreckers but no one was injured in the accident.

Mrs. Roger Myers has returned.

Marvin Chandler Heads Gas Company

Willis Gale, chairman of Northern Illinois Gas Company, announced today that directors had elected Marvin Chandler as president to succeed H. P. Sedwick who was named vice-chairman.

Mr. Chandler, 44, will leave his position as vice president of Reis and Chandler, Inc., New York, nationally known public utility financial and investment consultants, to join Northern Illinois Gas. The new gas company was established last February to take over operation of the gas properties of the Public Service Company division of Commonwealth Edison Company.

A graduate of Dartmouth College with a master's degree from the graduate school of business administration of Harvard University, Mr. Chandler is widely known in financial and investment circles. Prior to establishing his own firm in 1945, he served as a security or investment analyst with Poor's Publishing Company (now Standard and Poor's), Charles D. Barney and Company and Barrett Associates, Inc.

He has also appeared as an expert witness in rate and other matters before federal and state courts and regulatory bodies. Included among his Illinois clients in recent years were Commonwealth Edison, Illinois Power Company, Central Illinois Public Service Company, Peoples Gas Light and Coke company and Illinois Bell Telephone company. "An important phase of preparation for ultimate separation of gas and electric operations," Mr. Gale said, "is the selection of a full executive staff capable of successfully conducting all aspects of the gas business without the guidance of the Edison organization. Mr. Chandler's background in finance and rate making, together with his general business experience, is just what Northern Illinois Gas needs to supplement the outstanding gas operating organization built up over the years by Public Service Company of Northern Illinois." A further step in the program to develop a full executive organization is the election as vice president of E. D. Sheehan who has been an assistant vice president. Mr. Sheehan, with increased responsibility, will have direct charge of operations under E. E. Lungren, executive vice president

of Northern Illinois Gas Company.

Mr. Gale said that Mr. Sedwick who is president of Edison's Public Service company division and also executive vice president of Edison, will, as vice chairman of Northern Illinois Gas, help Messrs. Chandler, Lungren and Sheehan to round out and train their full executive organization.

Mr. Chandler, his wife and two teen-age sons will reside in Glen Ellyn.

Harvey Federal Savings Pass 10 Million Dollars

It was a momentous occasion at Harvey Federal Savings and Loan Association, Saturday morning, Oct. 30, when, at 11:15 a.m., total savings invested in the association crossed the ten million dollar mark. This was the first time in the forty-four year history of the association when savings balances reached that total, according to Foss P. Miller, chairman of the board of directors.

The close of business at noon Saturday, total savings amounted to \$10,018,391.08, showing a gain over the year ago figures of \$8,584,878.94 of \$1,433,512.14. Of this gain for the year, the month of September alone accounted for \$91,752.86. Total gain in savings for the first nine months of 1954 amounted to over a million dollars. Total number of savings accounts likewise crossed the 7,500 mark for the first time, and total owners of those accounts crossed the 12,500 mark.

The gain in savings for the year ending Oct. 30 was paced by an increase in total assets to \$11,442,774.60 or \$81,506,578.29. These new savings were in turn reflected in an increase in the mortgage loan accounts of \$1,084,996.12, bringing them to a new total of \$9,070,583.73. Over one third of the new savings were placed in U.S. government bonds, which account showed an increase of \$531,554.63, bringing the total of investment in such securities at the month end to \$1,181,768.08.

Commencing on the new records Chairman Miller said: The growth of the past year continues the steady and conservative rate which has been noticeable throughout the association's history. It reflects the continued urge of the average American citizen to provide a backlog of savings for his own future use and for his personal financial independence.

Frankfort School News

Miss Lankenau, principal, attended a meeting for School Administrators Wednesday, November 3. The meeting was held in Elmhurst.

The first graders learned a dance and game this past week. Marrell Chorney was absent for several days.

The second graders learned some Thanksgiving songs. Patsy Belz and Pamela Petnick gave the class a Halloween treat last week. Wednesday, November 3, Mrs. Woodman, second grade teacher passed out the new Illinois Reading Circle Books.

Mrs. Burton Breidert is substitute teacher in the third grade while Mrs. Howard Osmus, third grade teacher, is absent.

The fourth graders have made and put up pretty Thanksgiving decorations.

The fifth graders are proud of Randy Smith for winning in the window painting and the sixth grade is equally proud that Lewis Guzik won in the contest. They took their quarterly exams last week.

In the mock election which the seventh graders held, the Republicans won the nomination. A new student joined the class, whose name is Vincent Miller, he formerly attended Chaney school in Joliet.

In the mock election the eighth graders held, the Republicans won the nomination. Frankfort lost the game against Mokena and won the game against Elwood with two unopposed players, Donna Miller, School Reporter.

S. S. Farm Coverage Questions - Answers

The following questions have been asked by farmers in recent weeks:

- Q. When does coverage start for the farm operators and employees?
- A. January, 1955.
- Q. What kind of a report will the farm operator make for his social security?
- A. His social security report will be made along with his income tax report.
- Q. How will the farm operator get credit for his social security taxes?
- A. It is the net income from the farm operations which is credited to his social security account. He gets "quarters of coverage" for each year in which he reports more than \$400. The maximum per year is \$4,200.
- Q. How will the farm employee's wages be reported for social security?
- A. The farm operator will make a separate report for all his farm workers he pays \$100 or more in wages in a calendar year. Internal Revenue has not decided whether this report will be made quarterly or at the end of the year.
- Q. What should the farm operator and his employees do now?
- A. They should apply for social

security numbers. This applies especially to the farm employees. The operator needs the numbers for his records in January so he can be sure of making complete reports.

Q. How much credit does a farmer need to get benefits at 65?

A. The length of time any person must work at jobs covered by social security depends on his age. In general it is half of the time between January 1, 1951 and age 65, with a minimum of at least six "quarters of coverage". Because of the large number of newly covered people, there is a special provision for those who will be 65 between July 1, 1954 and July 1, 1958.

Q. How soon do the dependents of the newly covered groups like the farmers have any protection under social security?

A. As soon as they have a year and a half of coverage under social security. The survivors qualify for a lump-sum payment and monthly benefits if there are children under 18 and if the person was covered half of the three year period before death.

If current plans of the Sisters of St. Francis hospital, Blue Island, materialize, therapeutic environment will play a big part in future treatment of child patients at the institution.

Bright and airy rooms, sectioned by transparent glass partitions in lieu of the conventional lath and plaster, a decorative motif of colorful and familiar childhood scenes, and modern therapeutic equipment are envisioned for a new pediatric division of the hospital. Since present quarters of this department are continually over-crowded and other space is not available, attainment of this goal is contingent upon arrangements for financing the erection of a fifth floor addition to the north wing.

An initial step in this direction will be taken Nov. 17 when the Sisters will serve a turkey and trimmings dinner to the public in

The occasion will give diners an opportunity to view the recently completed doctors' dining room and employee's cafeteria and progress of work on renovation of kitchen facilities. Cost of the project, which was undertaken at health department insistence, is the neighborhood of \$225,000 and leaves the hospital heavily in debt since much of the expense of erecting the north wing is still owing.

BABSON SAYS—

Copyright, 1954, Publishers
Financial Bureau, Inc.

I have always encouraged the safe investment of money through buying stocks in well-known, standard, dividend-paying companies, plus diversification amongst a large number of companies. This is why I have favored the Investment Trusts and mutual Funds for those with only a little money. These should give safety and security.

The nation as a whole, however, may get top-heavy with "safe investments." Too many people cannot live on the dividends of old-established corporations. Some people must be willing to take some risks by putting some money into new enterprises.

During the past few weeks I have been studying the industrial history of New England. Conservative "investors" did not build the cotton factories, the paper mills, the woolen plants of New England. These were built by men willing to take risks. The sailing ships which set forth from Boston, Portsmouth, Gloucester, Salem, and New Bedford to all parts of the world, with out charts or steam, and even before the days of lighthouses, were built by "speculators," not by "investors."

The Securities and Exchange Commission has done a good thing for conservative investors and the big, established companies; but whether the Commission has done well for the nation as a whole is debatable. America today needs more speculators.

It is said that the Democrats inaugurated most of the new tax law changes to help the sick and aged. The Republicans, however, are responsible for the features of the 1954 Tax Law which encourage invention, industry, and young concerns. During the Roosevelt Administration, business was treated with a certain disdain. The New Deal politicians and professors, who had had no experience with business, wrote the laws.

Such legislation has helped the unfortunate who were unable to work, but it has discouraged the formation of new companies to provide future employment. It has been very difficult for young men to get the capital or to save enough from earnings to start a new business. It has been like trying to run a church without a Sunday School—or have a family without raising children. The new 1954 Tax Law makes it easier for any young man of good character to start a new business. It also encourages older investors to take some risks by starting new enterprises, prospecting for uranium and other rare metals, and providing future employment for the next generation.

Mrs. Babson and I have founded three successful colleges—Babson Institute for men at Babson Park, Mass.; Weber College for women at Babson Park, Florida; and a third college in the center of the United States, at Eureka, Kansas. This third school is intended to help worthy young people with vision to do new things which their parents or friends may think impossible.

As I meet the men who are doing big things today, I find that as a rule, they did not come from big cities. Most of them were brought up on farms. Their college was the wood box and the corn field. They were obligated to fight severe heat in summer and cold in winter. They thought that life consisted of talking risks with horses, cattle, and storms. Steam heat, air conditioning, and flossy colleges may make good investors, but these modern luxuries do not teach men to take risks. A greater willingness to risk is the need of America today.

Young people who are born without luxury or without money and who are struggling for an education should remember this: You have as much time as anyone in the world. No President, Prime Minister, Professor, or Captain of Industry has more time than you have.

I forecast that some day every reader will realize that time is worth more than money. An appeal this week is that you use a fair proportion of your time in taking risks for the good of the nation.

Keep Farm Trucks In Good Condition

Records of the Illinois Rural Safety Council show that rural drivers contribute more than their share of the total motor vehicle accidents.

E. I. Pilchard, vice president of the council at the University of Illinois College of Agriculture, reminds farmers that when they are at the wheel of a farm truck not only their own lives, but the lives of many others, are in their hands.

Every truck driver should learn the rules of the road and practice them until they become habits. Pilchard says. And the trucks should always be kept in good mechanical condition.

Be alert and courteous when you are on the road. Don't drive too fast, and don't get in the habit of driving on the wrong side of the road when no other vehicles are in sight. Slow down for turns, and use the proper hand signals so that other drivers will know what you are going to do.

LINCOLN WAY SCHOOL NEWS

The Lincoln-Way Community high school Student Council held its first meeting Oct. 27, with the newly elected members. Officers were elected as follows: president, Marion Nelson; vice president, Marilyn Cooper; secretary, Bill Heidrich; treasurer, Everett Hauck; reporter, Nancy Bovee; parliamentarian, Dale McMahon.

Students who were elected Oct. 26, to the Student Council were: Freshman, Ted Dunham, Tom Dunham, and Ron Fredin; sophomores, Jim Anderson, Andree Ledebuhr, Bill Noble, and Jim Warning; Juniors, Marilyn Boleman, Marilyn Cooper, Nancy Bovee, Tom Chapman, and Everett Hauck; Seniors, Emogene Anderson, Ardis Batson, Gregory Brown, Pat Heisner, Mary Lou Loebe, and Marion Nelson. Dale McMahon, president of the senior class and Bill Heidrich, president of the junior class are also members. The sponsors of the Student Council are Mr. Ralph Wright and Mrs. Alice Gorman.

MAGAZINE SALES CAMPAIGN

A student assembly at Lincoln-Way high school will be the "kick-off" for the magazine sales campaign which is being sponsored by the new student council as a money raising campaign for student activities. The campaign will start Nov. 12, and will be completed on Nov. 29, the Monday following Thanksgiving.

The entire student body will be involved in this project which will include a door-to-door canvass of the entire school district. The Student Council has no desire to conflict with similar campaigns put on by the various elementary schools in the area and wishes to remind the magazine customers of any commitment they may have made to buy from elementary school students.

One of the most difficult jobs which the student council will have is that of dividing the commission among the various clubs and the classes. A share of the money will also be used to help defray the expenses of the yearbook.

Over 90 different magazines will be offered by the students who will be stressing the purchase of magazine subscriptions as Christmas gifts. The Lincoln-Way faculty has encouraged the students in this type of money-raising project because they felt that the adults who support the program will be getting full value in return for their money in addition to helping the students.

LINCOLN-WAY BUSINESS CLUB HAS SPEAKER

Fred Madsen introduced to the Business club of Lincoln-Way Mr. J. B. Gates, Assistant Superintendent of the E.J.&E. railroad. Mr. Gates told the history of the E.J.&E. to the student body and also spoke about the various departments the company has. What was more interesting to the students was that the IBM key-punch operators keep records of every move of a car and train that comes or leaves their station.

Forty students attended and heard Mr. Gates give many pointers. Among the pointers that he gave were these: 1. Get all the education that you can get. 2. Get the kind of job that you like and that you can do. 3. Learn to adapt yourself to your responsibilities, to your employer, and to other employees.

For its next regular meeting

the Business club was fortunate in getting one of the personnel people from the Illinois Bell Telephone company to come and talk with them. Other speakers have been engaged to come and talk.

The Business Club is sponsored by J. Bryce Sardiga.

Carl Sandburg High School

Students at Carl Sandburg high school this year are among more than 25,000 at 325 Indiana and Illinois schools taking courses to become safe drivers.

These courses have been so effective in reducing auto accidents among teen-age drivers that some insurance companies this year reduced their rates 15 per cent for classroom-trained drivers.

National surveys also have disclosed that trained drivers have 40 to 50 per cent fewer accidents than those not trained.

Besides learning the mechanical skill of auto driving since courses were developed by schools, auto dealers and the Chicago Motor club in the two states in 1946, students also have learned proper attitudes toward driving.

They have learned to be courteous when behind the wheel—a big factor in reducing accidents. They also have learned their limits as drivers and safety limits of the auto.

Driving instructors are provided by the schools. This year the automobile to provide students of Carl Sandburg high school with actual behind-the-wheel driving experience was donated by Joliet Motor Sales, Cass and Scott Sts., Joliet. The Chicago Motor club supplies dual controls for such autos, as well as textbooks for classroom study.

The world's greatest builder of V-8's presents

THE TOTALLY NEW '55 FORD!

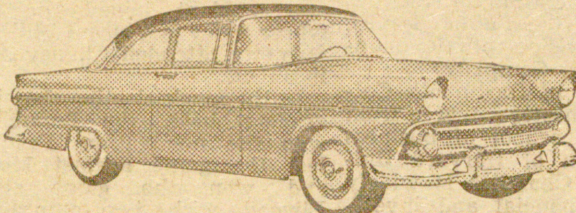

with styling inspired by the Ford THUNDERBIRD

ON DISPLAY
TODAY!

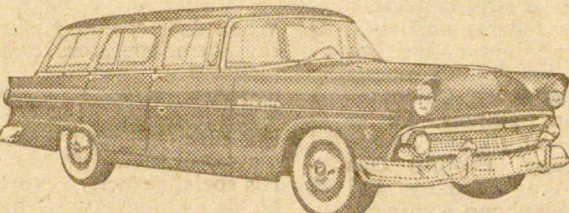

New FAIRLANE Series . . . The new Club Sedan, like all six models in Ford's new Fairlane Series, features the new wrap-around windshield, new luxurious interiors and wide choice of stunningly new, single and two-tone exterior colors.

Longest, Lowest, Roomiest...most Powerful ever built!

New CUSTOMLINE Series . . . The Tudor Sedan (above) and Fordor offer a wide selection of new color and upholstery combinations. Like all '55 Fords, they have a new wider grille, new visored headlights and sturdier, extra-narrow pillar-posts for better visibility.

New STATION WAGON Series . . . The new 6-passenger, 4-door Country Sedan (above) is one of five new do-it-all beauties. There's also an 8-passenger Country Sedan, an 8-passenger Country Squire and a 2-door, 6-passenger Ranch Wagon and Custom Ranch Wagon.

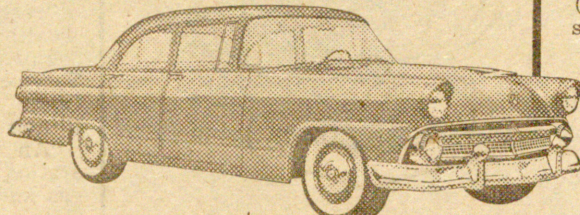

We invite you to see for yourself. And we tell you in advance you'll be amazed. For this new Ford is totally new—outside, inside, and in thrillingly different performance.

The long, low lines of the Thunderbird were its styling inspiration. Inside, you'll be greeted by rich, roomy luxury . . . by fabrics never before offered in a motorcar.

Mighty engines, mightier than in any Ford before—supply its exciting power. And each of Ford's three new engines offers the safe, split-second response of Trigger-Torque Power.

Your ride will be up to 15% smoother. Best of all, you'll find your kind of car, for there are 16 body styles in four fresh new lines.

When you come in, don't be surprised if you tell yourself: why look farther—why delay—you just can't buy better than Ford.

New MAINLINE Series . . . Each of the three Mainline beauties offers the same engineering advancements, the same graceful contours and clean lines that distinguish all '55 Fords. Fordor Sedan is illustrated above.

EXCLUSIVE TRIGGER-TORQUE POWER IN 3 MIGHTY ENGINES

1. 162-h.p. Y-block V-8
2. 182-h.p. Y-block Special V-8
3. 120-h.p. I-block Six

- (1) The new 162-h.p. Y-block V-8 has a higher (7.6 to 1) compression ratio, greater displacement. And, like all '55 Ford engines, it has Ford's famous deep-block build . . . short-stroke design.
- (2) The new 182-h.p. Y-block Special V-8 (offered in combination with Speed-Trigger Fordomatic on Fairlane and Station Wagon models) features 4-barrel carburetion, dual exhausts and extra-high (8.5 to 1) compression ratio.
- (3) The new 120-h.p. I-block Six has a new higher (7.5 to 1) compression ratio. It's the most advanced six-cylinder power plant in the industry.

ALL WITH TRADITIONAL FORD ECONOMY

PLUS ALL THESE OTHER BRAND-NEW WORTH-MORE FEATURES

- ★ New Speed-Trigger Fordomatic Drive
- ★ New Turbo-Action Spark Plugs
- ★ New 10% Larger Brakes
- ★ New Tubeless Tires
- ★ New Angle-Poised Ball-Joint Suspension (Fordomatic Drive optional.)

Don't worry about splashing hardware - such as door knobs, locks and catches - when painting woodwork. Just give all such objects a light coat of petroleum jelly before hand and all paint spots will wipe off easily. If you wax the floors before painting walls or woodwork, any paint dripped on the floors will not stick, either.

If you think your painting technique isn't what it might be,

you'll find that thin paint is much easier to apply than thick. Actually three thin coats give better results than two thick ones.

And, if you don't use a whole can of paint and wish to save the rest without having it dry out, pour some melted paraffin wax over the paint. This seals the paint just like you seal jelly or preserves with paraffin.

Fall Fashion Trend

Casual is a magic fashion word this fall. Typical of the trend is this appealing wool felt cloche with gracefully sweeping brim and colorful pheasant feather. The flattering shapes and gorgeous colors of wool felts complement the flowing silhouettes of autumn coats and suits to achieve the much desired smart but relaxed look.

The trend is toward "hatter hats" and more wonderful jewel-like colors. This extends even to the smaller hats which will be "more hat". Wool felt hats will interpret the new, easy-to-wear, more becoming hat styles in crowns that mold and lines that flatter.

A wide variety of exciting smart new fashion colors and modest pricing make it possible for every woman to have a complete new hat wardrobe. Colors run from fiesta and shocking at the red end of the spectrum through blues of cornflower and teal tones which are popularly named provence and peacock. There are also notable ones in the orange family such as tangerine and capucine.

Grades 1-4 have been making spatter leaf prints, and the upper grade room have done some excellent finger paintings.

Government Aid Given To Southern Illinois Counties

Unemployed miners in the distress areas of five southern Illinois counties have received aid through the delivery of government donated commodities beginning Oct. 19, according to announcement made by Superintendent of Public Instruction, Vernon L. Nickell, whose office supervises the distribution of government surplus foods.

Nickell said that details had been worked out so that approximately 15,000 recipients in the counties of Williamson, Saline, Hardin, Franklin and Perry will be benefited. Nickell also pointed out that his responsibility in cases such as this is that of delivering the commodities after the details have been completed. His office is the state agency which is responsible for delivery

only. Over 100,000 pounds of butter, beans, cheese, dry milk and shortening constituted the shipment.

Some 160,000 taxing units in the United States - the Federal government, states, counties, cities, etc., are collecting taxes "more or less on their own," according to an article in Nation's Business.

Announcing new FORD TRUCKS for '55... the Money Makers!

Money-making POWER! Important longer-life engine advancements! The **only** full line of **proved**, modern short-stroke engines in **any** trucks! New work-saving, money-saving **CONVENIENCE!** New money-making **CAPACITIES!** New reasons why Ford Trucks are gaining new buyers faster than any other trucks!

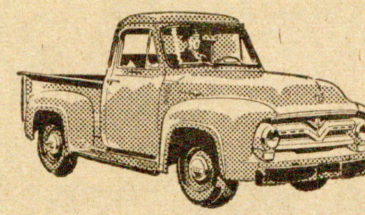

POWER STEERING is standard at no extra cost in this new Ford T-800 tandem-axle BIG JOB. Modern, short-stroke, 170-h.p. Cargo King V-8, GVW 40,000 lbs., GCW 60,000 lbs.

NEW savings in all three areas! TRIPLE ECONOMY!

① Money-Making power saves gas!

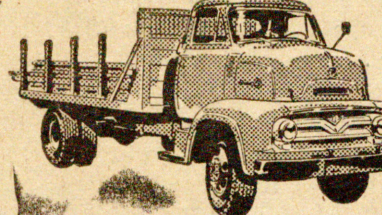

ONLY FORD gives you the gas-saving efficiency of **proved**, modern short-stroke design for every engine! Ford's ultra-modern, overhead-valve engines—four V-8's and one Six—cut piston travel, cut internal friction, **save gas**. And new engineering in valves, heads, crankshafts, electrical systems and cooling, results in still greater durability!

NEW Payload Champ of the Pick-ups! New Ford F-100 6 1/2-ft. Pickup, GVW 5,000 lbs., now takes payloads up to 1,718 lbs. 132-h.p. V-8 or 118-h.p. Six engine.

② Money-Making convenience saves work!

FORD'S **Driverized** Cab sets new comfort standards for '55! New full foam-rubber seat and seat back in the **Custom Cab***. Work-savers . . . like smoother **Fordomatic*** with new faster starting, low-gear "step-down" for all light duty series . . . **Power Brakes*** even for half-tonners . . . **Power Steering*** for most **BIG JOBS**—make driving easier.

③ Money-Making capacity saves trips!

NEW axle capacities and new springs, coupled with Ford's high-payload construction, make Ford Trucks better load carriers than ever. Ford's new 1/2-ton Pickup, for example, has one of the biggest payload capacities of **any** Pickup: 1,718 lbs. Ford gives you top payload capacities in over 190 models, ranging up to 60,000-lb. GCW tandem-axle giants.
